## 1. Overview

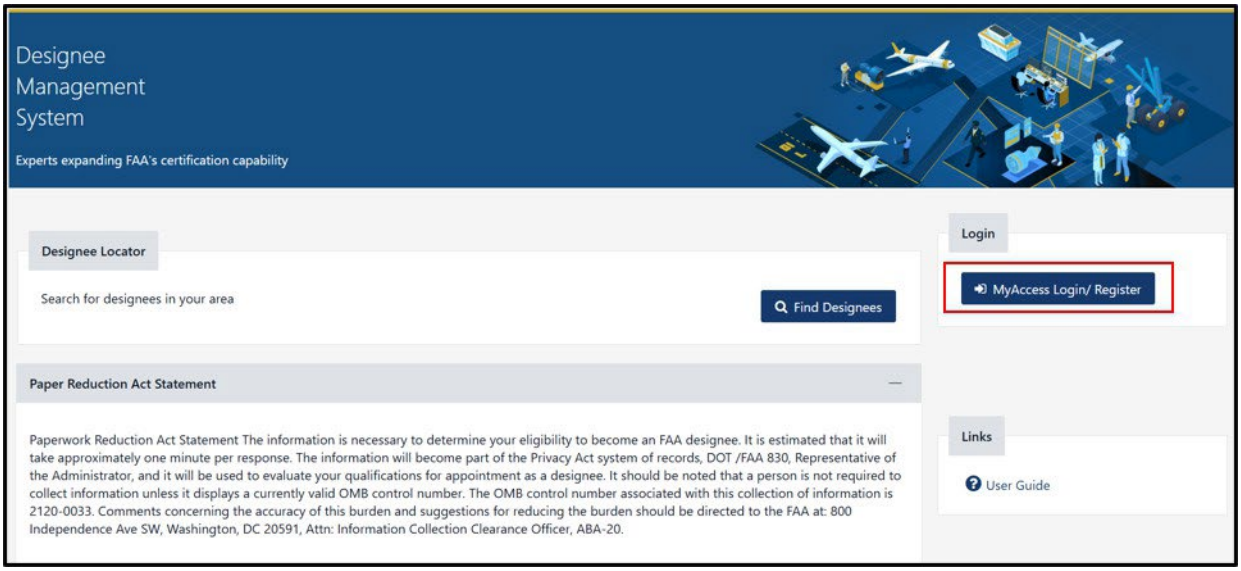
Starting on Monday, August 4, 2025, FAA will require all DMS users to authenticate and verify their identities via Login.gov to access Designee Management System (DMS).

Login.gov is a safe way to access many U.S. government websites using just one account. It helps protect your information by requiring additional verification steps to confirm your identify during login.

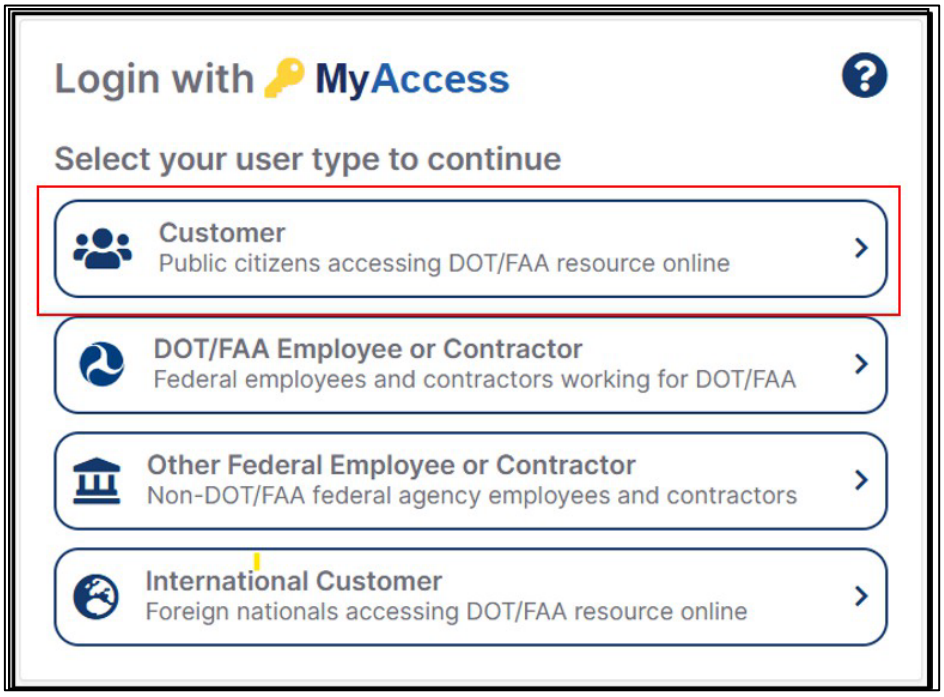
## 2. Instructions for Existing DMS Users (Linking MyAccess Account)

*Step 1*: Create a Login.gov Account

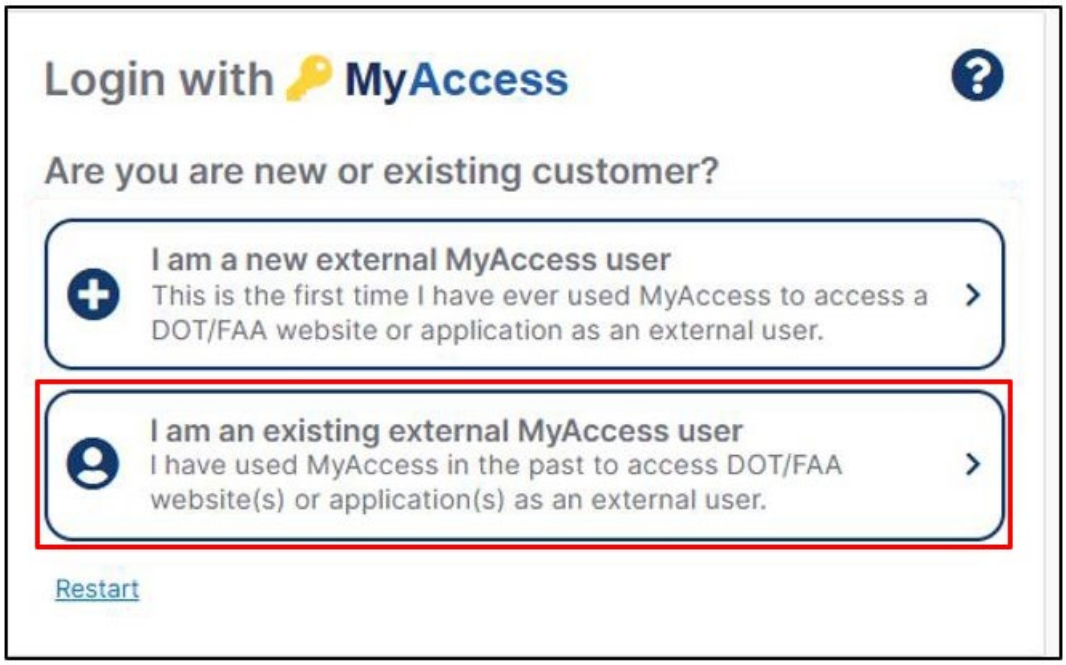
1. Go to the DMS login page and click on **'MyAccess Login/Register'**



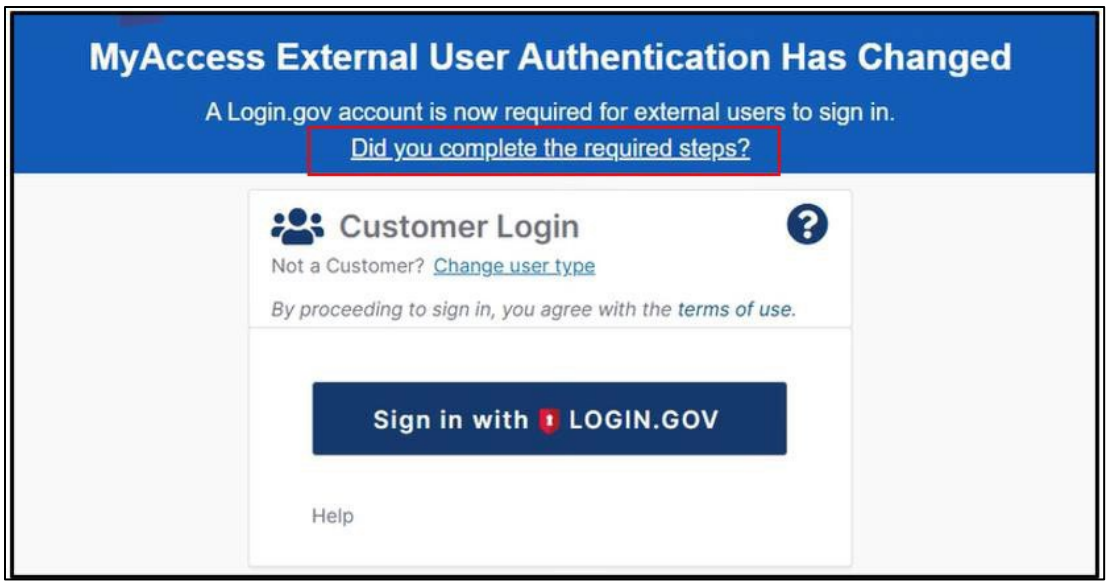
2. On the MyAccess login page, click on **"Customer: Public citizens accessing DOT/FAA resources online."**



- Select the second option 'I am an existing external MyAccess user



3. Click on **'Did you complete the required steps?'**
   - Users **Must** click on 'Did you complete the required steps? and follow the 3 steps process



4. Click on **'Step 1: Create a Login.gov account'.**

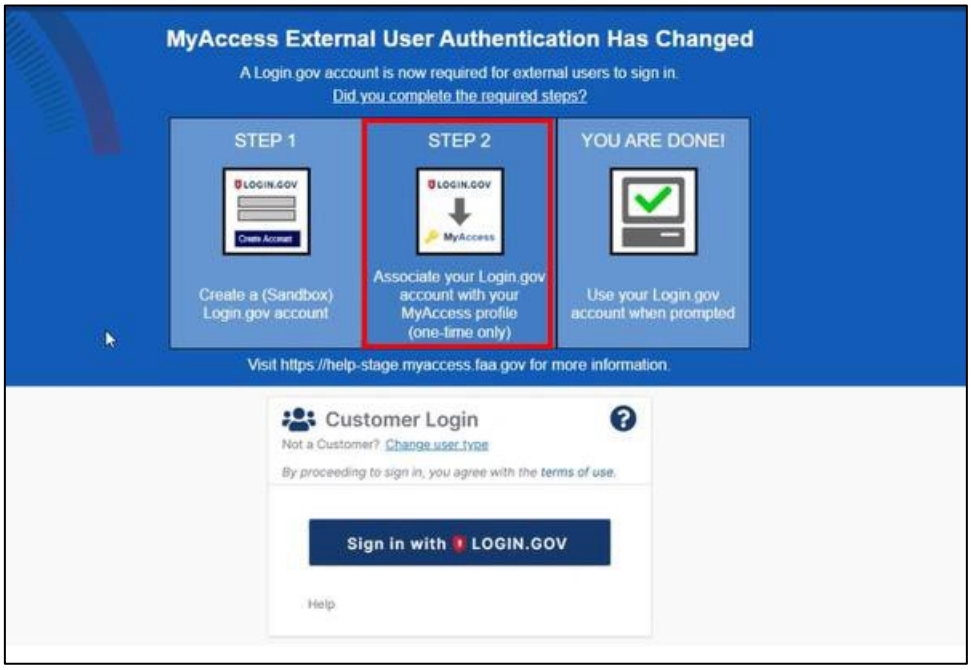
**Note** : Users must **use the same email address listed in their MyAccess profile** to create their Login.gov account. Users are required to enter and complete details and verifications in the login.gov form.

**Important:** Once your Login.gov account has been created, **do not click 'Sign In' directly**. Doing so will create a **new** DMS account.
Instead, proceed to **Step 2** on the MyAccess sign-in page to link your existing DMS account.

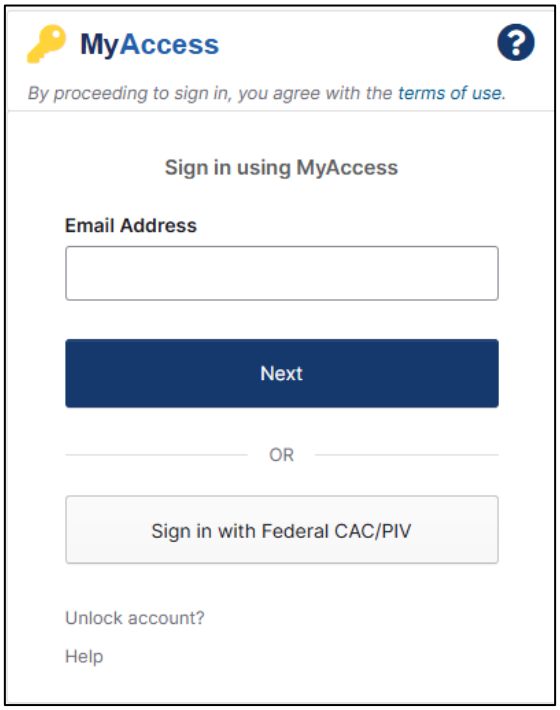
**Note:** After the user completes creating login.gov account. Designee is required to link login.gov to MyAccess account with the Login.gov credentials to link exiting account

**Step 2**: Associate your login.gov account with your MyAccess profile (one-time only)

- Click on **Step 2** to navigate to the 'MyAccess sign in' page



- Click on 'Sign in with MyAccess' to navigate to the login screen
- Enter your MyAccess Email address and password

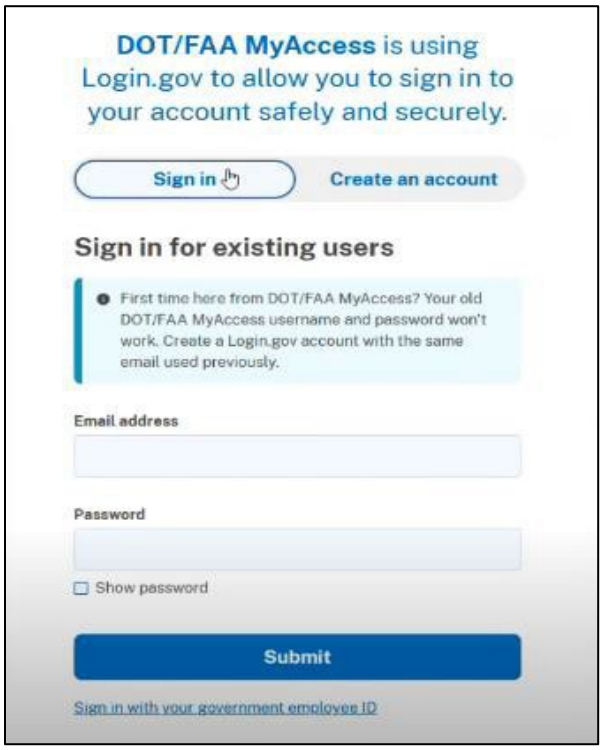


Once the email **verification and authentication** process is completed, My Access Profile' displays

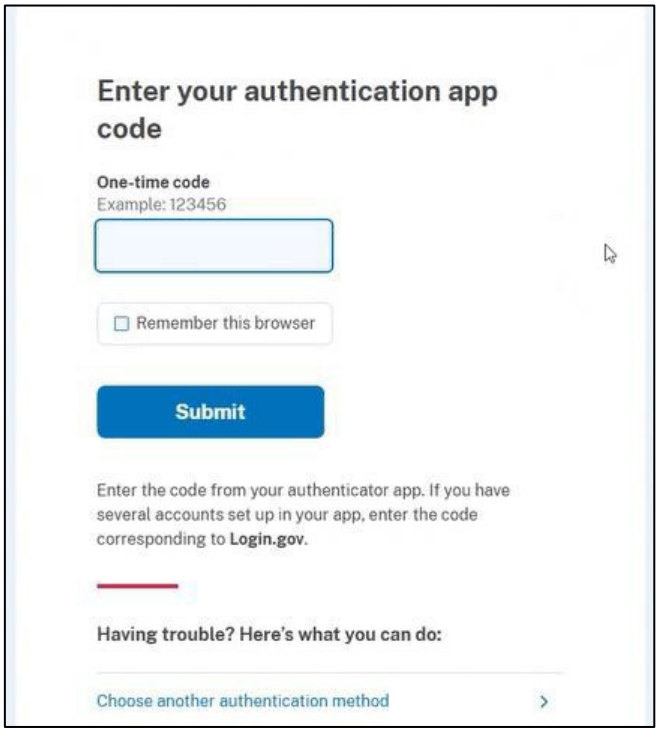
- Click on "**Ready to link your profile to a login.gov account?"** link profile with login.gov

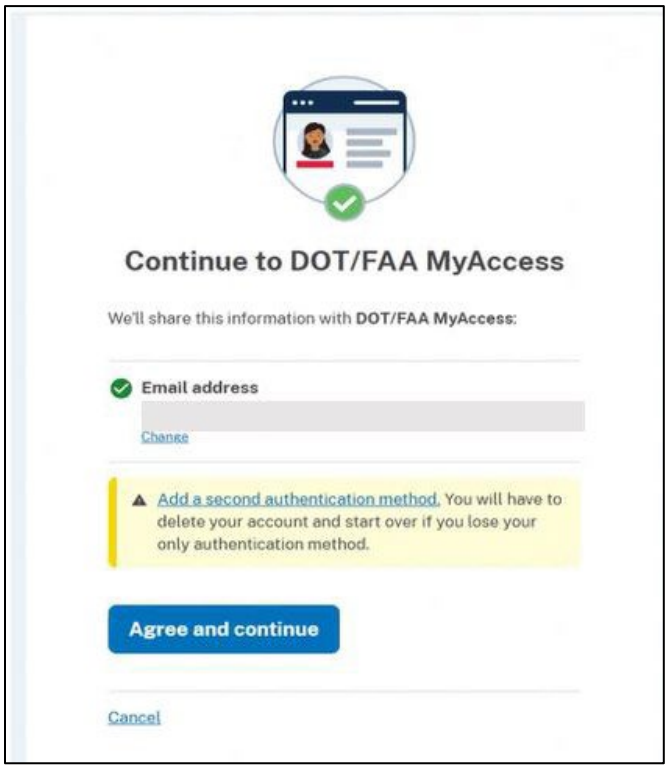
- Click on 'Sign in with Login.gov'

- Enter your **Login.gov credentials** and complete the authentication process.



- Complete the authentication process

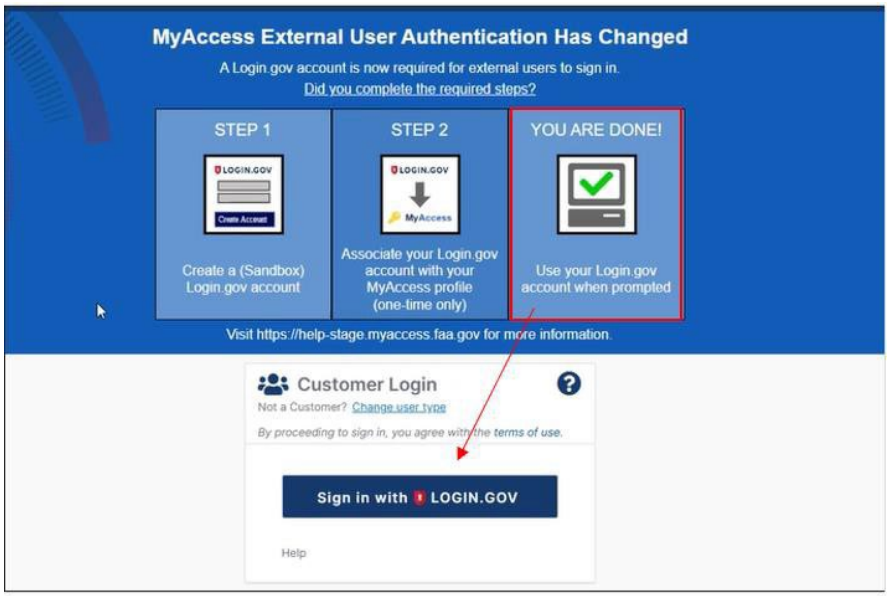




- Once your accounts are successfully linked, **close the browser** and proceed to Step 3.

- Close the browser and proceed to step 3

**Step 3:** Click on the 'Sign in with Login.gov'

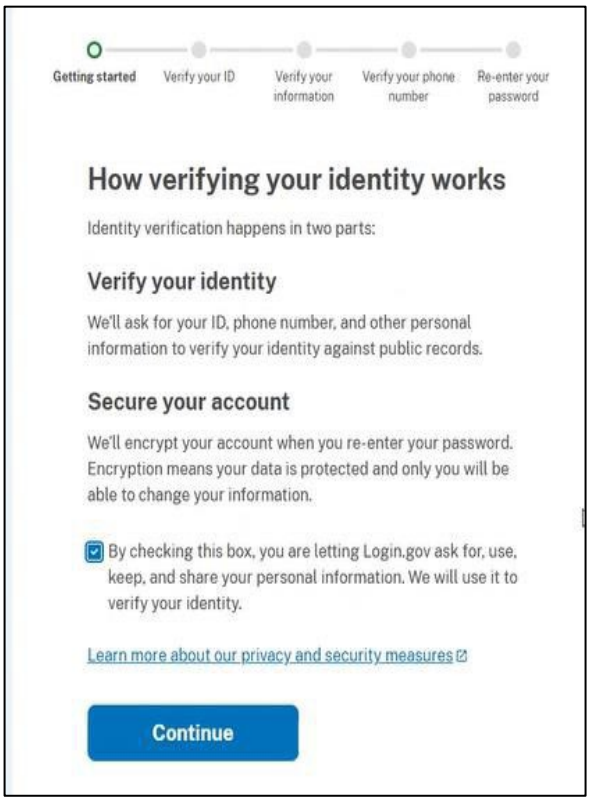


Complete any required information that wasn't provided during Step 1:

- Verify your ID
- Confirm your personal information
- Verify your phone number
- Re-enter your password

- Once all validations are complete, you will be redirected to the **DMS login page**.

Let's verify your identity for DOT/FAA MyAccess
DOT/FAA MyAccess needs to make sure you are you — not someone pretending to be you. Learn more about verifying your identity
You'll need to:
1 Have a driver's license or state ID
Other forms of ID are not accepted. We'll check that you are the person on your ID.
2 Enter your Social Security number
You will not need your physical SSN card.
3 Match to your phone number
We match your phone number with your personal information and send a one-time code to your phone.
4 Re-enter your Login.gov password
Your password saves and encrypts your personal information.
Continue



Getting started
Verify your ID
Verify your information
Verify your phone number
Re-enter your password
How verifying your identity works
Identity verification happens in two parts:
Verify your identity
We'll ask for your ID, phone number, and other personal information to verify your identity against public records.
Secure your account
We'll encrypt your account when you re-enter your password. Encryption means your data is protected and only you will be able to change your information.
By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.

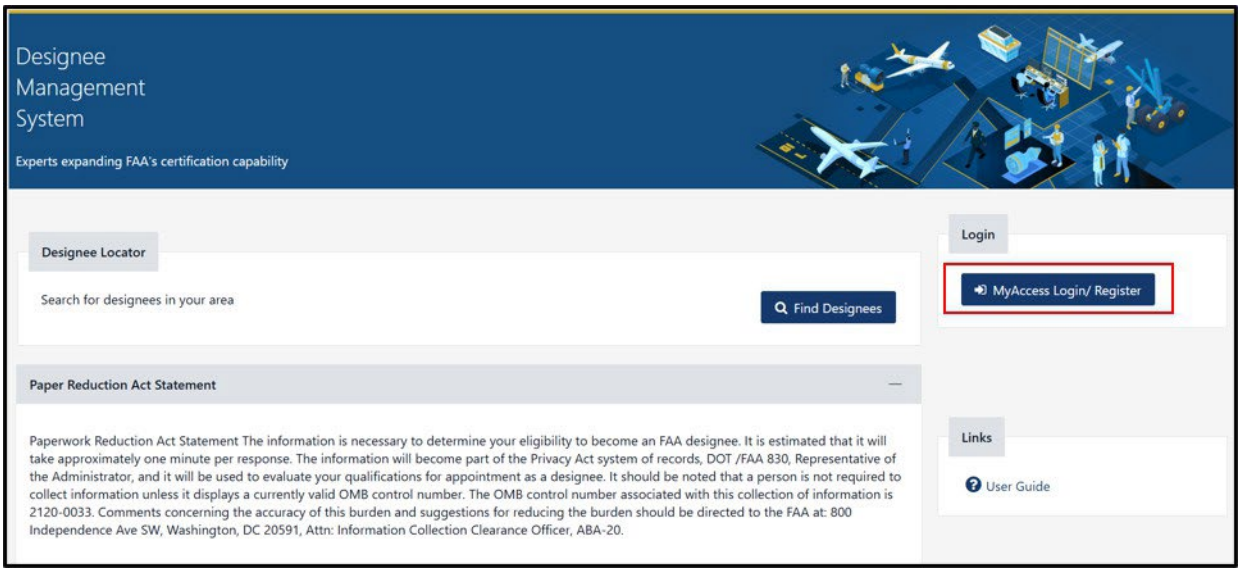
## 3. Instructions for new User with no existing MyAccess (DMS Account)

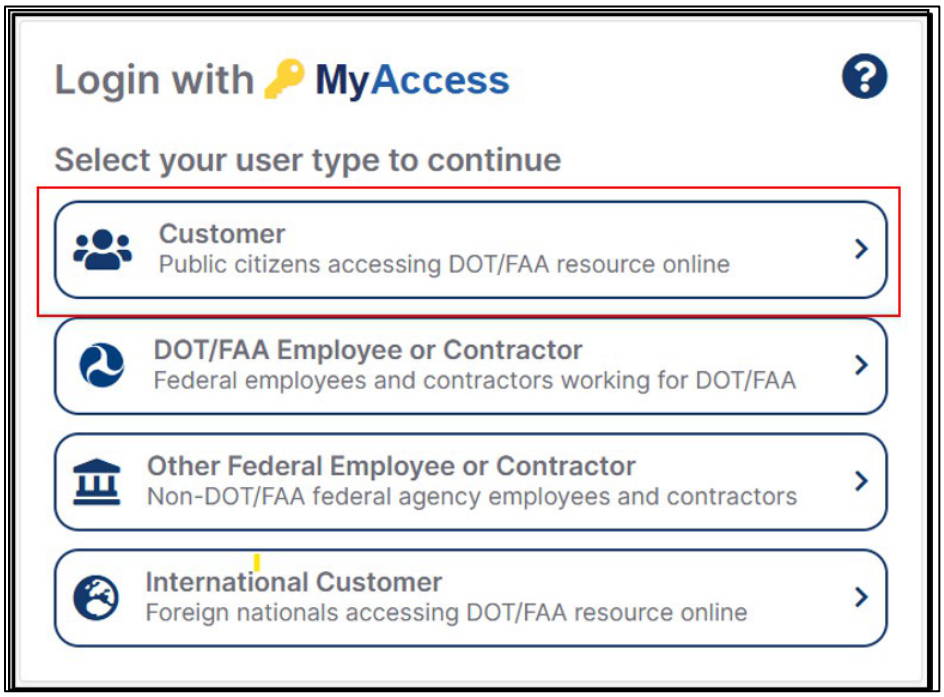
New users are required to create a Login.gov account

1. Navigate to the DMS login page and click on **'MyAccess Login/Register'**

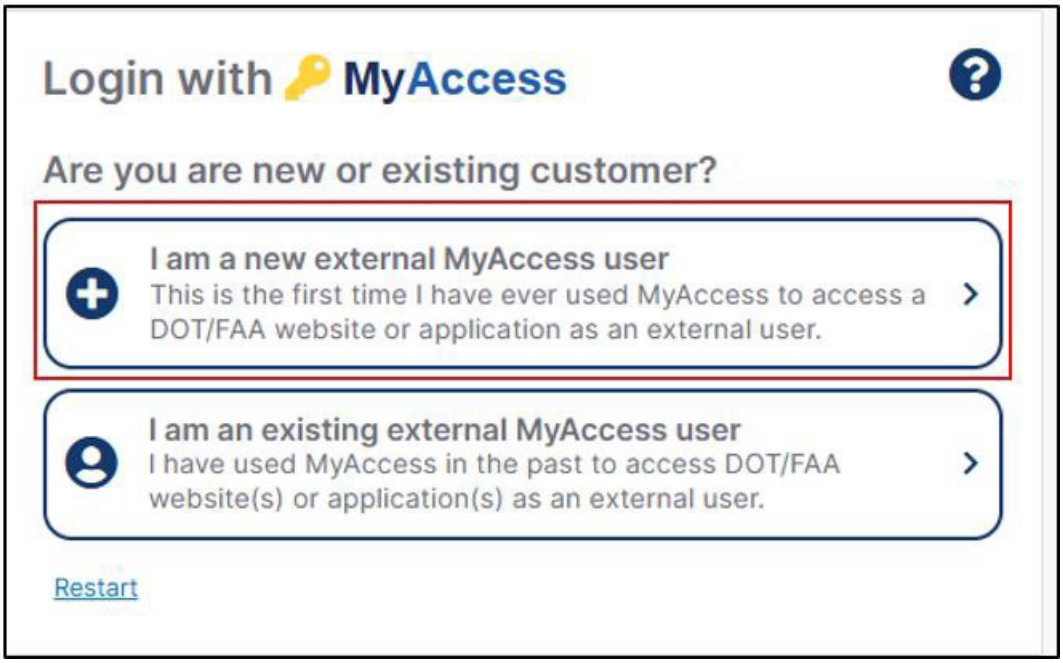
On the DMS login page click on 'MyAccess Login/Register' to navigate to the MyAccess login page



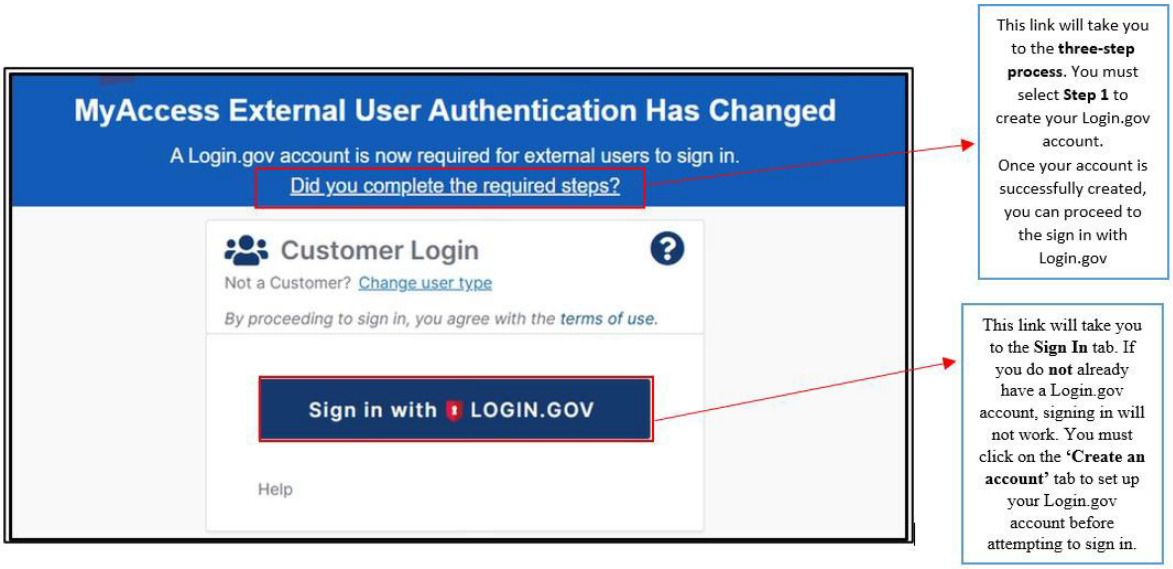
2. On the MyAccess login page, click on **"Customer: Public citizens accessing DOT/FAA resources online."** To select your user type to continue



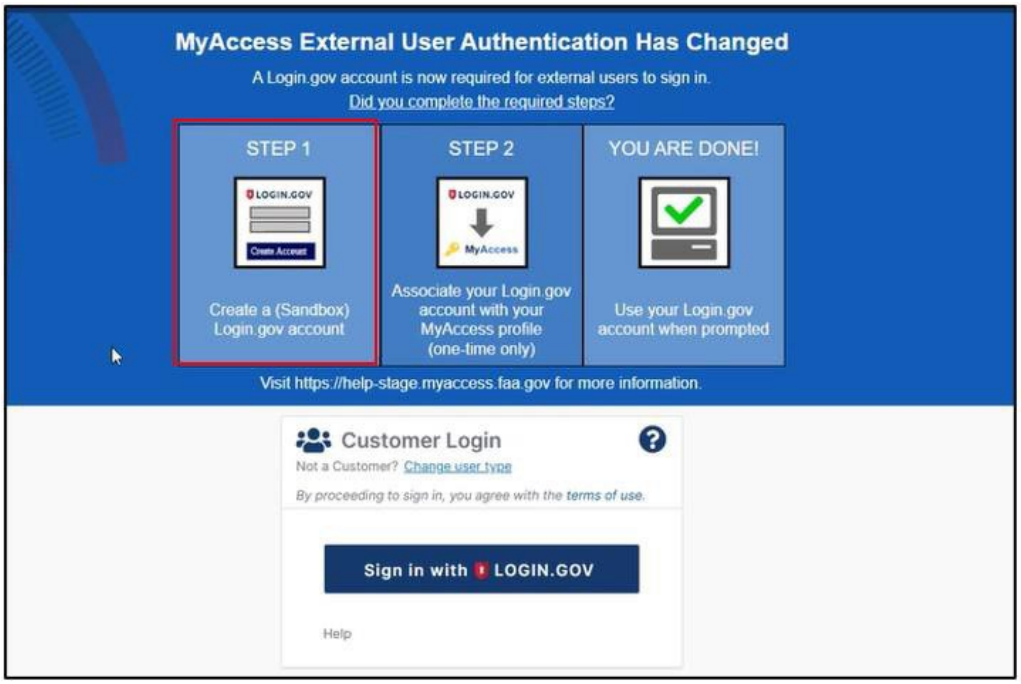
- The selected option should be a 'I am a new external MyAccess user'. Clicking on that option should display the customer login page.



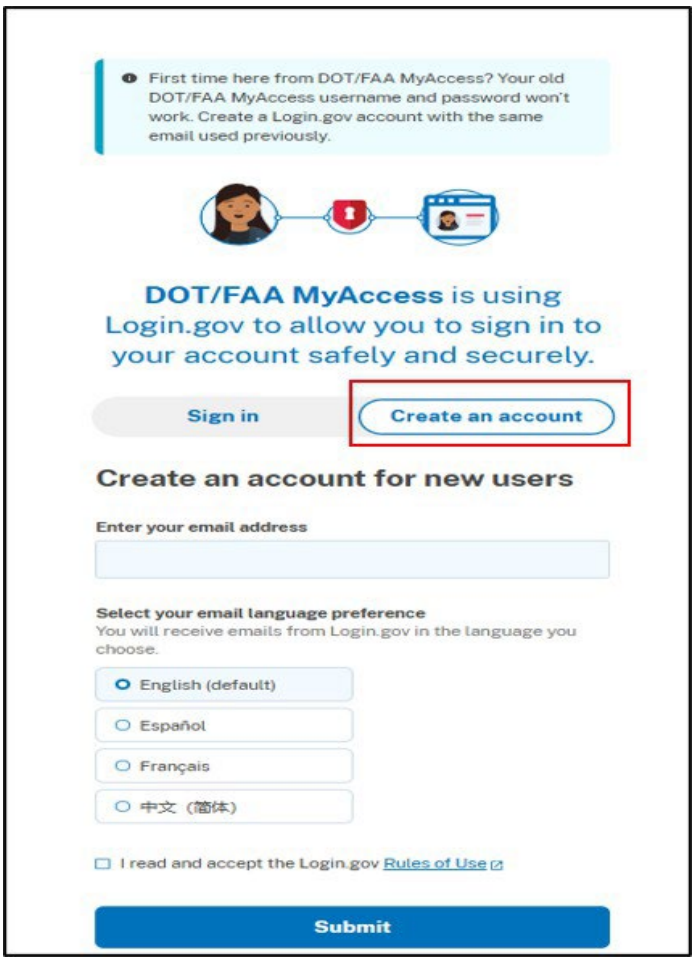
3. On the customer login page, click on 'Did you complete the required steps' to navigate to the three-step process.



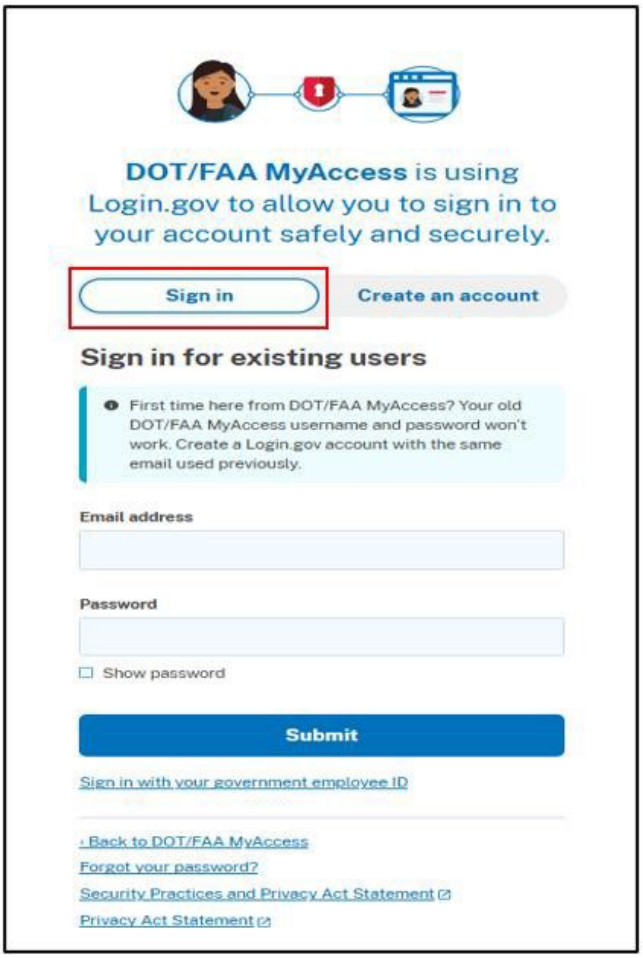
4. Click on Step 1: Create a login.gov account



- Users are required to enter a verifiable email address and complete all the required details and authentication steps



- Once the login.gov account has been created successfully, the user can proceed to sign in and follow the recommended steps



## 4. Help and Support
